

Gompers And Allen To Discuss Kansas Industrial Law

NEW YORK, May 28.—Samuel Gompers, president of the American Federation of Labor, and Gov. Henry Allen, of Kansas, will debate here tonight on the merits of the recently enacted Kansas industrial court law. No official decision will be made as to the winner. Judge Allen B. Parker, of this city, will preside.

The demand for seats has far exceeded the capacity of the hall. The allotment of seats has been evenly divided between the employer and laborer groups. Many prominent men in the nation's affairs have been invited to occupy seats on the platform.

Mr. Gompers will speak for opening debate. Each speaker will be allowed 30 minutes to present his arguments.

Amusements

Orpheum.

There's pep aplenty on the Orpheum bill for the last half. Henry Allen, of Kansas, will debate here tonight on the merits of the recently enacted Kansas industrial court law. No official decision will be made as to the winner. Judge Allen B. Parker, of this city, will preside.

Loew's Lyceum.

Unique in setting and somewhat out of the ordinary in idea, "Her Father's Daughter," Loew's Lyceum headliner for the final half of the week, is a crisp, clean and entirely clever little skit. While dealing with an old subject, that of a runaway couple, the story is handled in a new fashion. A

cast of four purry wits and pull witty sayings on the platform of an observation car. The droll conductor greets innumerable laughs by the dry manner in which he handles his lines.

Carl Fletcher and Muriel Mason, the latter a dead ringer for Gertrude Parfarr, offer a repertoire of semiclassical songs, the best of which is one about Japan. Miss Mason is an unusually good soprano. Fletcher might do better by omitting some of the comedy. Two act comedians, one with a one-string ukulele, had the house going Thursday night. They are Earle and Edwards. Some of the funny stuff is far-fetched and a little delayed but the two had the audience in the palm of their hands.

Hooters who swing an easy-going foot are Root and White, who open "The Five Axions," tipped as four men, two of whom dress as girls, and one woman. Have a laugh of wire tricks. Probably the best stunt on the silver thread seen here lately is the back somersault through a paper-covered hoop.

"Would You Forgive?" is a highly improbable story but one well screened and well acted. Vivian Rich makes her debut as a lead as the suspected wife.

Moving Pictures

Strand.

The latest Cecil B. DeMille production, "Why Change Your Wife?" attracting record-breaking crowds to the Strand theater this week. In thoroughly up to date. Even prohibition has not been forgotten by the famous producer in filming this striking story of married life. The husband, played by Tom Meighan, not only has a full supply of private stock in his cellar, he has even contracted a rathskeller, down there. This is one of the points about which he clashes with Gloria Swanson, in the role of the wife. Memphis in the movies also is shown.

Majestic.

Do you remember "The Dope" in "The Miracle Man"—the drunken, checked, craven creature who later made a man of himself? J. M. Dumont's portrayal of a rathskeller, down there. This is one of the points about which he clashes with Gloria Swanson, in the role of the wife. Memphis in the movies also is shown.

BUILD NEW WAREHOUSE.

The Delta Flour and Feed company is building a new warehouse on the southeast corner of Iowa and Kansas. It will be a one-story, galvanized iron building, and will cost \$10,000. It will be 24x18 feet. Plans were drawn by Kaucher-Hodges & Co.

MILTON BUYS 3-ACRE INDUSTRIAL SITE

Negotiations have been closed by F. C. Milton, local representative for the Ludlow Manufacturing company, of Boston, for a three-acre industrial site on the northeast corner of Iowa avenue and Fifth street, on the Memphis Railway Terminal company property, near the property recently purchased by the Union Biscuit company, for a price said to have been \$60,000. Mr. Milton said Thursday that the purchase was a personal investment, but that he had given a 30-day option on the property. He would not state to whom the option had been given.

It is understood that the Ludlow Manufacturing company has been contemplating the erection of a large reinforced concrete warehouse and distribution branch at Memphis, re-investing the investment of a large sum. This company deals in jute bagging and

CHICAGO GUNMAN IS SOUGHT FOR KILLING

CHICAGO, May 28.—Eugene Geary, alleged gunman and labor slinger, recently acquitted of a charge of murder, was sought today in connection with what police termed as one of the most cold-blooded murders of recent years. Harry J. Reckas, saloonkeeper, was shot and killed in a South Side saloon late last night as he waited with his lawyer to discuss with James O'Brien, another saloonkeeper, the arrest of two men who are alleged to have victimized them out of thousands of dollars through sales of colored water requested as whiskey.

As Reckas was about to leave the saloon a man identified by witnesses as Geary, entered, and, walking up to Reckas, shot him through the body.

N. Y. Barbers Will Reduce Prices To Pre-War Levels

NEW YORK, May 28.—Prices of shaves and haircuts in New York soon will be cut to 15 and 25 cents, respectively, according to Leon Worthal, general organizer of the International Barbers' union. The cut rates will be made in new barber shops which, he said, today, will be opened by the barbers' union or individual union members.

Barbers in the new places, he said, will receive the union scale of \$20 a week with 50 per cent of all earnings above receipts of \$42 a week. Tipping will not be barred. Thirty-five cents will be the price for a massage, shampoo, shave or manicure.

HARD COAL MINERS REJECT WAGE SCALE

WILKESBARRE, Pa., May 28.—The proposed wage agreement submitted by Secretary of Labor Wilson, containing the maximum offer of the anthracite coal operators, was unanimously rejected here today by the tri-district convention of hard coal miners. Acceptance of this contract had been recommended by the international officers of the United Mine Workers.

The mine workers in voting down the proposed contract, endorsed that section of the report of their general scale committee recommending that the proposition be rejected.

M'ADOO, JR., DENIES EXCESSIVE PROFITS

WASHINGTON, May 28.—Pastidious tastes of the public are partly respon-

sible for present high shoe prices, William McAdoo, Jr., New York, vice-president of the Central Leather company, declared yesterday before the senate committee investigating shoe prices. He denied that his company was making exorbitant profits but said its profits in 1919 were \$13,238,481 compared with \$4,876,923 in 1914.

Mr. McAdoo said that because of "a marked decline" in the demands of shoe manufacturers for leather his company had reduced production from 10 to 12 per cent the past three weeks, but added no further reductions were anticipated if transportation and financial conditions became nearer normal.

LABOR PARTY TO MEET.

CLEVELAND, May 28.—National officers of the National Labor party and of the committee of 48 met here today in joint conference. Combinations of the two parties are co-operating during the political campaign to formulate a platform and nominate candidates for president and vice-president.

O. L. DEASON'S SUDDEN DEATH PROVES SHOCK

Oscar L. Deason, of Deasonville, Miss., for years one of the most prominent planters of Yazoo county, died last Saturday at his home in Deasonville, Miss., following an illness of two days from appendicitis, according to word just received in Memphis. He was a native of Yazoo county and his death came as a shock to the entire community. He had only recently moved to Deasonville, where he had just completed a beautiful new residence.

Before his wife, who was Miss Bettie Pepper before her marriage, he is survived by three children, Archie Lewis, Orla and Oscar Deason, Jr., his mother, Mrs. A. B. Deason, of Silver City, Miss.; two brothers, J. L. Deason and J. G. Deason, of Silver City, and three sisters, Mrs. A. T. Firth, of Holly Bluff, Miss., Mrs. J. F. Hendricks, of Midnight, Miss., and Mrs. A. S. Tucker, of Memphis.

Money Out of One Pocket Into the Other

When you buy Phoenix, a Dixie product, you not only get the best shortening it is possible to make but you contribute to Southern prosperity, which is money in your pocket somewhere along the line.

\$300,000,000 was paid the Southern farmers last year for cotton seed, due to the increased demand for cottonseed products.

Mr. Bowers' Stores

INCORPORATED
—IN ALL PARTS OF THE CITY—

Clean Stores and Clean Merchandise!

A hard-working BUSINESS MAN cannot create the same impression of "precise neatness" of the Fifth Avenue dude, and the same may be said of busy Grocery Stores.

A busy store may be "cleaned up" a half dozen times or more a day and still not reflect the FULL SIGNIFICANCE of this extreme care and attention to over-critical persons.

The Bowers Stores put into practice the SAME ECONOMIES they preach, and indulge in no efforts to provide the "luxury of equipment" expected in a parlor car, for the simple reason that it is unnecessary to burden the customer with this extra expense.

The equipment we use is plain, simple, durable and substantial, and is suited to both our needs and to the quick, efficient personal service we GIVE OUR CUSTOMERS.

What you get at a Bowers Store is not only fresh and clean, but is backed up also by a SWEEPING GUARANTEE of money cheerfully refunded if not entirely pleased, which is as far as anyone can go.
